FURTHER ADVANCES AGAINST GERMANS MADE IN BELGIUM

(Continued from Page 1.)

back through the passes, and it is asserted have advanced two-thirds of the way across Galicia and are nearing the fortress of Lemberg, occupied by the Russians early in the Galician campaign.

The Russian official announcements admit none of this. They dismiss the happenings in Galicia as engagements of no importance and class the operations to the west of Warsaw in the same category. It is claimed, however, that the extreme Russian right near Mlava has thrust the Germans back and that Russian cavalry has swung across the southern border of east Prussia.

In the west there have been no events of great importance—at least none has been reported. Foot by foot the allies appear to be forcing the Germans out of their trenches in Flanders and maintaining the pressure elsewhere on the front from the sea to Switzerland. The British army today naturally makes a feature of the annexation of Egypt and the Sudan, which takes from the sultan of Turkey 1,500,000 subjects and 1,300,000 square miles of land.

This action, moreover, robs the Turk of his last foothold in Africa, Italy having taken Tripoli from him a few years ago.

All England is still buzzing with the talk about the German raid on the east coast interest having been stimulated afresh by the latest accounts from Harlewood.

Many of the naturalized Germans, arrested on the east coast after the German raid, have been liberated.

British Fleet Destroys Forts Near Dardanelles

(By Associated Press.) PARIS, Dec. 18.—The Havas Agency has given out a dispatch from its Athens correspondent, who quotes a message from the island of Tenos to the effect that the recent bombardment by a British fleet in the gulf of Sares, immediately north of the Dardanelles, completely destroyed the Turkish batteries on shore and seriously damaged the fortifications. The Turks, panic-stricken, fled to the interior.

Austrians Leave Dead And Flee From Serbia

PARIS, Dec. 18.—In a dispatch from Nish, Serbia, the Havas correspondent says the Serbian authorities have re-established themselves in the vicinity of Podrinje where the Austrian troops surrendered to them. Prisoners affirm that the Austrian losses in the recent engagements in killed and wounded have been very large and they exceed the losses in prisoners. Heavy casualties are shown by the innumerable unburied bodies of Austrian soldiers found on the line of their retreat.

Locusts, where there has been no fighting recently, was burned by the Austrians.

Sunday, you can, if you so de-
sire, get from 2 o'clock in the afternoon
to 10 o'clock at night in the afternoon
length of Grand theaters and see for
hours motion pictures and vaudeville
acts and one of which would ap-
pear more than once.

Christmas movies and vaudeville for
eight hours to come, but the At-
lanta Motion Picture club, which
is sponsoring it for charity, is going to
do away with it in great style.

Already more motion pictures, all

many other silvers, dancers and

MAYSON SAYS WOODWARD FAILED TO PROVE CHARGES

City Attorney Answers May-
son's Card "Dismissing" the
Controversy

City Attorney Mayson has written an-
swered in the controversy with
Mayor Woodward.

The latest statement of Mr. Mayson
follows:

"I see our old mayor 'dismisses' me.
Good! His case fails and he 'dis-
misses' the defendant.

"But what about his charges? After
filling the air with charges, when called
to book, he splutters around a while and
then 'dismisses' the whole matter with a
lordly wave of the hand.

"Yet there are some who will still
believe that there must have been some-
thing in them, else the mayor would
not have made them. Woodward knows
this and plays upon this weakness of
the uninformed to get in his work.

"How long, how long will the fine
citizensry of Atlanta, believing in fair
play and a square deal, stand for such
conduct?"

WAR REVENUE STAMPS NOT NEEDED ON BONDS

It is not necessary for state and coun-
try officers affix war revenue stamps to
their bonds. This information was

BY RALPH SMITH.

WASHINGTON, Dec. 18.—Senator Smith and Congressman Howard will appear before the committee on the judiciary this afternoon in behalf of the guards who were dismissed from the Atlanta federal prison by Warden W. M. Moyer.

It is the contention of the guards that they were discharged by Moyer for alleged insubordination and disloyalty, when, in fact, their dismissal was due to politics, the warden being Republican and the guards Democrats.

PRICE NAMED PRESIDENT OF SOIL COMMISSIONERS

Georgia's Commissioner Honored by Agriculturalists of the South

J. D. Price, commissioner of agriculture of Georgia, was on Friday elected president of the Southern Agricultural Commissioners' association which has been in session here.

Mr. Price had been secretary of the organization, and his elevation to the presidency, backed by the commissioners of many states, is a fine tribute to Mr. Price and his interest in agricultural development.

The commissioners in attendance upon the two-day session, coming from the various southern states at the Georgia resorts, were in Winwood hotel Thursday evening were unanimous in saying that the one-day session was a success and that diversified crops spelled prosperity for the south.

These commissioners, meeting in Atlanta to attend the annual convention of the association, also agreed that the strictly Georgia dinner, arranged for by Charles J. Hudson, president of the Georgia chamber of commerce, and J. D. Price, Georgia's commissioner of agriculture, was the best they ever ate.

Commissioner Price presided as toastmaster.

DR. STEWART ROBERTS IS HEAD OF MEDICAL SOCIETY

Opponents of Plan to Change Grady Staff Appointments Victors

The Fulton County Medical society held its annual election of officers Thursday night and Dr. Stewart Roberts was elected president, and the issue between these two candidates was decided in favor of Dr. Roberts.

Dr. J. C. White, councilman-elect from the seventh ward, this candidate supported by those who want a change in the system, was defeated by Dr. Stewart Roberts.

Other officers elected are Dr. W. A. Johnson, vice president, and Dr. M. M. Isaac Boyd, secretary.

HERE'S SOME CONSOLATION FOR CONDEMNED NEGRO

Burnett Hickman, a negro, who is sentenced to be hanged for the murder of H. G. Burnett, a night watchman of the Southern Air Line, had the slight consolation Friday of being informed that he would be hanged not on January 23, 1914, but on January 23, 1915.

The supreme court decided against Hickman's appeal, so he was brought before Judge Pennington, who is presiding over the criminal branch of the superior court, on Friday and remanded. The judge sentenced the negro to January 23, 1915, instead of January 23, 1914, and when the mistake was discovered the negro was brought back and informed of the correct date.

SECTARIAN PAPER IS NOT NEWSPAPER, HENSON SAYS

Attorney General's Assistant Rules on Publication of Bank Statements

The attorney general's office has been requested by the state treasury to determine "when is a paper a newspaper" and A. L. Henson, assistant to Attorney General Warren Grice, has answered.

The question arose because a state bank has published the quarterly statement required by section 2283 of the state code in the Golden Age, a sectarian paper.

Mr. Henson has ruled that a sectarian paper does not come under the sanction of a newspaper referred to in the section of the code.

The code requires simply that the

bank advertise in a newspaper where it is located.

Mr. Henson holds that since in practically every other instance where advertising is required that the paper in which the sheriff's or ordinary's sales are published is specified, that the legislature probably meant to specify in this instance and so a sectarian paper will not meet the requirements.

THE BOYS' DEPARTMENT AT THE GLOBE

The Globe Clothing Company has an unusually large, and also an exceptionally perfect assortment of boys' suits and overcoats for Christmas and mid-winter wear, and to give the boys of Atlanta a better chance of securing a new suit for a Christmas gift, The Globe has reduced all \$5 suits and overcoats for boys to \$2.75 and all \$7.50 suits and overcoats for the young fellows to \$5.95.

SAYS OPEN-AIR SCHOOLS ARE BEST FOR ATLANTA

Dr. J. W. Seaver, Noted Educator on Visit Here, Tells of Plan's Advantage

Instead of spending large sums for brick school buildings which are warm enough for the zero winters of the north, Atlanta should build open air schools and spend the difference in cost on school grounds, according to Dr. J. W. Seaver, for twenty-one years a member of Yale university faculty and now director of the Chautauque School of Physical Education, of New Haven, Conn.

Dr. Seaver has been here several days visiting his friend, Dr. Theo. Roosevelt, physical director of the public school department, and has made a thorough study of this feature of the city's educational work.

PLANS OF WEST POINT PHONE SYSTEM COMPLETE

Granted Permit to Operate Atlanta-Montgomery Trains by Telephone

Completing preparations to operate its trains on the line from Atlanta and Montgomery by telephone instead of telegraph the Atlanta and West Point railway has secured a permit from the board of electrical control of Atlanta to bring its wires into the city.

The permit of the city board is necessary in order that the company may

bring its wires over certain streets which cross the right of way.

According to the petition, which was signed by President Wickersham, the railroad company will operate a complete telephone system to control the movement of its trains.

The Atlanta and West Point is said to be the first railroad system in this state to abandon the telegraph for the telephone in operating trains.

NEWSPAPERS THANKED FOR NO IN STAMP CAMPAIGN

Business Firms and Volunteer Workers Helped Make It Success

The following statement, thanking the newspapers and others who aided in the Red Cross Christmas stamp campaign, was issued Thursday night by Hugh M. Miller, president of the Red Cross and here and head of the Anti-Tuberculosis society of Atlanta.

Atlanta, should express our deep thanks to the newspapers of Atlanta for their valuable aid to us in the campaign; to the business firms who so valiantly came to our assistance and went forth in all sorts of ways to aid in a work for suffering humanity; to those noble young women of Atlanta who have helped us at headquarters and in the direction and actual selling of the stamps; to the shops and hotels and other business houses that installed our stamp boxes; to the general public for its noble response to our appeals and in the direction and actual selling of the stamps; to the donors of its generous donation of a room for our headquarters; to L. J. Daniel, for the use of headquarters' room in the Gould building and in general to all of those who have aided us in the campaign, no matter how small their assistance. The Red Cross society and the Anti-Tuberculosis society of Atlanta, give grateful thanks. And may we always be proud of the betterment of suffering humanity merit the grateful appreciation we have been accorded during our stamp campaign.

WIDOW OF SLAIN MAN WILL TRY TO SAVE FATHER

W. V. Cleary, Who Killed Young Son-in-Law, Claims Mind Was Wrong

(By Associated Press.) NEW YORK, N. Y., Dec. 18.—The opinion was expressed here today that Mrs. Anna Cleary-Newman will take the witness stand in an effort to save her father, William V. Cleary, former town clerk of Haverstraw, on trial here for the murder on July 23 last of Eugene M. Newman, his sixteen-year-old son-in-law. Cleary shot young Newman to death when his son-in-law went to the town clerk's office in Haverstraw to inform him of his marriage five days before the shooting, but is expected to contend that Cleary was suffering from temporary mental aberration.

The trial moved swiftly yesterday, court continuing in session until a late hour last night and before adjournment two witnesses had been examined. The state was expected to conclude its case today.

REBELLION IN S. AFRICA AT END, DECLARES BOTHA

CAPE TOWN, Dec. 18.—(Vila London.)—General Louis Botha, premier of the Union of South Africa, considers the rebellion, apart from the rounding up of a few stray bands, at an end. He has gone for a short vacation before undertaking a campaign against German Southwest Africa.

With the capture of General De Wet and the death of General Beyers in an engagement, the South African government recently announced the rebellion started by those leaders was practically at an end. Most of the followers of De Wet and Beyers, it was said, either had been captured or dispersed.

JEROME JONES THANKED FOR AID TO UNEMPLOYED

Jerome Jones, editor of The Journal of Labor, has received letters from the executive board of the Atlanta Federation of Trades and from the members of the Georgian chapel, warmly congratulating him on his editorial which started the movement for the city and county to appropriate money to give work to men out of employment. Mr. Jones headed the delegations representing the labor unions which appeared before the city council and the county commissioners, and they gave an insight into the matter went far toward securing the appropriations.

SCHOOL CHILDREN WILL SEE GREAT FILM FREE

School children of Atlanta under sixteen years of age will be admitted free Friday night to the Grand theater to witness the motion picture film moving the life and deeds of Julius Caesar. This photoplay is a spectacular production in which many thousands of persons take part and in which is shown in a remarkably realistic manner the life and the wars and triumphs of one of the world's greatest figures. The pictures are historically correct and they give an insight into the real Caesar which is not only helpful to the student of Caesar, but to the boy or girl who has not yet mastered the study of ancient Rome, since there are no illustrations in the film which cannot be once be comprehended by the average child.

GAS RATES DISCUSSED BY IMPROVEMENT CLUB

Fifth Ward Citizens Hear Address by Gas Company Representative

Discussion of gas rates occupied the fifth ward improvement club Thursday night at its meeting in the English Avenue school auditorium. In behalf of the Atlanta Gas Light company, Preston S. Arwright presented substantially the same facts and arguments that he submitted recently to council's committee on gas rates. No other arguments were offered on either side, and after the retirement of Mr. Arwright from the meeting the club decided to take no action in the agitation for lower gas rates.

106 GERMAN THEATERS
HAVE OPENED FOR SEASON

AMSTERDAM, via London, Dec. 10.—(Correspondence of the Associated Press.)—Government plans for the development of big manufacturing in England to make the synthetic dyes required by the textile trade and formerly supplied by Germany are not progressing favorably. Dyers who have been asked to lend financial aid to the project are lukewarm because they fear that after the establishment of such plants Germany would cut the price to a point where it would be impossible to operate them profitably after the close of the war.

MAYOR SAYS HE FAVORS COMMISSION GOVERNMENT

Tells Firemasters It Would Solve Present Political Problems of City

After demonstrating that a majority of a board can stay "within the law" of the Nutter ordinance and still totally disregard the wishes of a head of a department, Mayor Woodward, one of the majority, came out Thursday afternoon in a speech, which was applauded by Councilman A. R. Colcord, who, with the mayor, formed part of the victorious majority.

The first public statement of the mayor, which he at one time opposed, is the only solution of the city's present political problems, is interesting.

The expression of faith on the part of the mayor came at a meeting of the board of firemasters, Captain W. H. Carter was elected fire inspector to succeed H. W. Otis.

That came the problem of filling the vacancy.

In lists of three and two nominees each Cummings presented the name of all the twelve lieutenants in the fire department.

But quite a bit of additional wrangling, the board elected officers for the new engine house on West Peachtree street, which will be in operation near the end of the year.

The following were the elections: S. O. Jordan, Lieutenant of No. 6, elected captain of No. 15, which is the company of the new fire station for West Peachtree street.

G. H. Dyer, engineer of No. 11, elected as Lieutenant of No. 18.

R. E. Little, stoker of No. 11, elected as stoker of No. 15.

E. C. Meigs, driver of No. 6, was elected as Lieutenant of No. 6, to succeed Mr. Jordan.

R. J. Vaughn was elected as a superintendent on condition he passed the physical examination.

Councilman Lee in explaining the demonstration of the majority of the board to elect Vaughn a captain over the lieutenants, declared that he had been with the fire department for twenty-three years.

"Mr. Vaughn," said Councilman Lee, was a regular fireman for eleven years, and then he was promoted to the position of engineer, which he was holding when the office of Lieutenant was created in the department. Few of the lieutenants have a record for length of service or efficiency, which equal his. During his entire service he has never had a reprimand."

THE FOOTLIGHT ISSUES BIG CHRISTMAS NUMBER

The Footlight, the Atlanta theatrical weekly, celebrated its second anniversary this week with a Christmas number of more than ordinary size and attractiveness.

Since its small beginning, The Footlight has grown into an important place in Atlanta amusement circles, and has in a large measure become the official journal of the southern vaudeville and "movie" folk. Earle E. Griggs, its editor, has built it up to an interesting and prosperous-looking magazine.

THEATERS

"Seven Keys to Baldpate" has everything in it but the salt. It is a bit of melodrama and a lot of comedy, and the lines with the punch come as fast as bullets from a Gatling gun. "Slippers" book was clever enough to sell through a dozen editions, but Cohan has taken the plot and added a copious application of ginger.

Cohan has taken a hint from O. Henry, too, in providing an unexpected ending, or rather, two of them. For just before the curtain he makes the plot for action a joke on the hero and two minutes later makes the hero have the joke on the audience.

The setting is a summer resort hotel on the top of the Baldpate mountain in the dead of winter, with a real Belasco snowstorm whirling outside and a realistic fog fire blazing in the big stunts. The play opens at midnight and ends at dawn, with something happening every minute. "Seven Keys to Baldpate" is a six-best-sellers novelist, who comes to the inn on a bet that he can write a novel in twenty-four hours.

Naturally he thinks he will have a fortune-telling agency in such a deserted barn, but there is a lot of something happening to him, and one of them is inserted in the big front door every minute, until the house is filled with politicians, grafters, traitors, assassins, newspaper reporters and blackmailers. To say nothing of the mountain hermit who plays ghost. There is a great deal of gun-play and one murder, which cuts so jarringly into the comedy that one knows instinctively the victim will come to life before the curtain drops.

All this is Mr. Biggers' story. But Cohan's idea is the intrusion of the strange visitor's frame-up on the novelist by a man who made the plot and on the heels of this has the novelist appear with his completed manuscript and announce that the events of the night were merely parts of the book he has written.

"Seven Keys to Baldpate" is here for the remainder of the week with a matinee Saturday, and it is well worth going to see.

DUDLEY GLASS.

An attraction of unusual excellence is promised for Christmas day and the Saturday following at the Bijou theater in musical comedy by Norman Fielden-wilde, "A Night in Old Heidelberg." The company comprises some twenty people, including a number of beautiful choruses whose singing and dancing have been compared favorably with higher priced attractions, and it is said that the company is well worth going to see.

Don't Neglect THROAT Troubles

because the swollen glands and inflamed membranes often affect other tissues and impair their healthy action.

SCOTT'S EMULSION affords quick relief because its cod liver oil is speedily converted into germ-killing tissue—the glycerine is a quick and healing, while the combined emulsion strengthens the lungs to avert lung trouble. REFUSE SUBSTITUTES and INSIST ON SCOTT'S

turning of the company is remarkable for its brilliancy and attractiveness. There will also be many clever vaudeville numbers.

The sale of seats will begin on Tuesday morning, and reserved seats may be secured for the Christmas matinee and night performance. Matinees will be given on Christmas day and Saturday at 2:30 and 4, and night performances at 7:45 and 9.

Little Emma Hunter is proving decidedly popular at the Lyric theater this week in "Tess of the Storm Country." This dainty little star appearing as "Tess" in the play especially written for her by Rupert Hughes, is certainly well worth seeing. The sale of the entire week is very large, and patrons will do well to secure their seats as far in advance of the performance they wish to see as possible.

The Forsyth is doing a big business before Christmas, going to prove that the Christmas shopping does not keep the people from attending the theaters when there is good entertainment. Edana Carrera, Anna Held's charming young daughter, heads a company of six pretty girls. Nonette is the bit of the bill.

LIFE INSURANCE REPORTS PROVE SOUTH PROSPEROUS

That the south is still prosperous and still has money to invest in life insurance as well as other things, is shown by the reports of the business of the Mutual Life insurance company, of New York, for the year just closing, according to R. F. Shelden, of Atlanta, general agent for the company's southern division.

This company divides the United States into five agency territories—New England, central, middle western, far western and southern.

The reports, Mr. Shelden states, show that the southern division has written more insurance during the past twelve months than any of the others.

GERMANY HAS PLENTY OF COPPER FOR THE WAR

Door Knobs Can Be Used if Necessary to Make Munitions of War

LONDON, Dec. 18.—(Correspondence of the Associated Press.)—In discussions on the possibility of bringing Germany to her knees by cutting off her supplies, copper always figures prominently, but a member of a London firm which before the war supplied Germany with much of her supply of brass metals declares household fixtures alone in the country would suffice to provide the necessary copper for many years. He estimates that door knobs alone would supply the country with the necessary copper for making munitions of war for the next three years.

There Can Be No Christmas Toys For the Children Without

Thousands of children in Atlanta will step out of the beautiful land of Santa Claus into the world of hard facts with the passing of this Christmas.

Who can look back upon that year in their life but with a little tinge of regret?

So will it be with these thousands of children this year.

Let's, Then, Make Their Last Santa Claus Christmas Their Best and Biggest!

And the way?

It lies straight through the Chamberlin-Johnson-DuBose Co. Toy Store. Toys, Toys, Toys—by the thousands; puffing engines, whirling windmills, sailing aeroplanes, men-of-war, cannons, soldiers, busy workshops, windmills, velocipedes, automobiles, electric trains—dolls, doll trunks, doll carriages, doll houses, doll furniture and house furnishings—games without number.

Every kind of toy that a little boy or girl could want. And the prices so evidently fair.

Let's make this Christmas a merry one for the little folks, whatever else we may do.

Giving Silk Hose? Giving Kid Gloves?

Then choose them where the amount you spend will be actually represented in the quality of the hose. All colors.

We have won the name of the store of Best Kid Gloves on the qualities that we offer for your Christmas selection.

Handkerchiefs—Supreme Values

Select your Christmas handkerchiefs here for this good reason—the values are supreme.

We have made cold, hard, critical comparisons and we have found the evidence to substantiate our claim.

The most recent comparison was a man's 25c handkerchief from what is considered the one store in New York that is most critical of its merchandise. Theirs was almost as good in quality, but was more than an inch smaller than ours at the same price.

And so it is!

Notable values even in this stock are

Women's 4 in Box \$1—Women's 3 in Box \$1.50

The embroidery seems prettier, the linen a finer, than any we have seen at these prices.

Those 10c handkerchiefs—all linen—for men, are fast disappearing; get your DOZENS quickly.

beauty, the harmony and the solidity of these SATIN SLIPPERS. Look at them very closely—observe their daintiness and nicety.

\$5.00 Quality—including pair of Slipper Trees. SPECIAL AT **\$3.40**

Every woman knows the broad "adaptiveness" of SATIN SLIPPERS.

They are appropriate for every SLIPPER use except street wear. Ideal for dancing, for evening, for party, for reception, for theater.

Don't get the notion that this SHOE business is to be built up on "bargain" sales.

Nothing is farther from our ideas and calculations.

We will never nudge you with a reduced-price advertisement unless it represents something of very large and vital significance.

It is exceptional for a store like this to secure over one thousand pairs of Black and White Slippers at two prices.

And every pair was made expressly for us—and for this sale.

In one of our factories there are operatives who specialize on Satin Slippers. They are adepts in the delicate and intricate processes of producing elegant Slippers.

When business slackened a bit, it was decided to make a large quantity of STAPLE SATIN SLIPPERS, in order to keep the organization intact—to prevent the operatives from scattering—and it was also decided to create a market for the Slippers by selling them at about cost.

These Slippers fit perfectly. They won't slip. They are practical and their artistic relation to women's dress is faultless. Grand values.

DESTRUCTOR CO. MAY CLOSE PLANT SATURDAY

Mayor and Ashley Will Oppose Increased Pay for Burning Garbage

The time of the Destructor company's "ultimatum" to the city expires Saturday, and it is generally expected that the crematory will cease operation and the city, for the time being at least, will have to resort to the old system of having dumping grounds for the garbage. While the sanitary committee will meet Friday afternoon to take formal action on the Destructor company's demand that it be paid 55 cents instead of 25 cents per ton for burning garbage, the mayor and Councilman Ashley, of the sanitary committee, say they will oppose the increase.

Councilman Ashley declares that if the crematory company does refuse to operate the plant any longer on the present basis, that it will be stopped at an especially good time for the city, as during the cold weather the utilization of dumping grounds will not cause the annoyance it would in the summer.

Christmas Day May Be Warm and Bright, Says Weather Man

C. F. Von Herrmann, the weather man, is optimistic regarding the weather Christmas day. He thinks it is going to be fine.

While it's rather early yet to say accurately and he is not attempting to make an actual forecast for next Friday, the fact that, rainy weather is predicted for the next three or four days, leads him to believe that conditions will clear off early next week and give Atlanta a clear, temperate holiday.

"It snowed a little bit Friday morning," he said, "and as it grew warmer, turned to sleet and then to rain. The forecast is for muggy, drizzly weather Saturday and Sunday. It won't be cold. It was only 23 degrees Thursday night, and it won't go below 33 or so Friday night."

By Monday the atmosphere will very like clear up and by Friday rain and cloud should have vanished and the sun be shining and the skies blue."

Atlanta has been the objective point for the girls of Brenau for the last two or three days, and from here they will travel in every direction to their homes in twenty-seven states.

Series of Organ Recitals
 The Georgia chapter of the American Guild of Organists which was formed in Atlanta during October at the instigation and under the direction of Mr. Ed-ward Arthur Craft, organist of the city auditorium, announces a series of recitals to be given at the various churches of the city by different members of the chapter.

The first recital was held Tuesday evening at St. Mark's Methodist church, Miss Edna E. Bartholomew presiding at the organ. Miss Bartholomew needs no introduction to the music loving public of Atlanta, her splendid musicianship and artistic attainment having won for her an enviable reputation throughout the south.

The chapter was received and entertained at supper by the ladies of St. Mark's church and later in the evening the recital was held in the main auditorium.

The dates for the subsequent recitals in the series for 1915 are as follows: Mr. Walter Peck Stanley, on January 11, at Ponce de Leon Baptist church.

Mr. Charles A. Shaddon, February 16, at the Trinity Methodist church.

Miss Margarette Bartholomew on March 16, at the Harris Street Presbyterian church.

Miss Louise Blosser, April 20, at the Park Street Methodist church.

Dr. Craft will give the last concert in the series on May 18, at the auditorium.

It Isn't Such an Unpleasant Job to Carry Home a Christmas Package.—By Goldberg.

Copyright, 1914, by R. L. Goldberg.

FREIGHT RATE RAISE WILL ADD \$30,000,000 TO INCOME OF RAILROADS

(Continued from Page 1.)

When these cases were originally submitted, as also when the original report was prepared, the revenue and expenditure account for June, 1914, and the property investment account, for that fiscal year were not available, the war was unforeseen, and the results of our order were, of course, yet to come. Collectively they present a new situation.

The decision granting increased freight rates to the eastern railroads is "welcome news," said John M. Glenn, secretary of the Illinois Manufacturers' Association, in Chicago today. "The iron and steel industries and the car works will be most affected, but it will tend to give new confidence to every line. A conservative estimate of the amount of goods of all kinds bought directly by the railroads from manufacturers would be \$200,000,000. Approximately 2,000,000 employees in manufacturing plants all over the country will

be affected by the decision."

The railroads are permitted to make the application for advances in rates except the rail-lake-and-rail, lake-and-rail, and rail-and-lake traffic; rates on bituminous coal and coke; rates on anthracite coal and iron ore; and rates that are held by inequitable orders of the commission.

PRIMARILY OTHER ADVANCES.

After further consideration the commission permits advances to be made also on cement, starch, brick, tile, clay and plaster. On these commodities no advances were permitted by the decision of August 1.

Joint rates between official classification territory and territory south of the Potomac and Ohio and east of the Mississippi may be increased not to exceed 5 per cent.

Interrate rates to and from New England also may be increased not to exceed 5 per cent.

While present existing differentials among various Atlantic points are preserved, the rates between any two of them also may be increased 5 per cent.

The application of the eastern roads for a rehearing of the rate case was made on September 15, last, on the ground that the European war and other stated reasons had materially changed conditions since the previous decision was given.

The petition for a rehearing stated that it was made in behalf of 112 railroad companies, comprising thirty-five

railroad systems in "official classification territory." It set forth that since the commission's previous decision "facts and circumstances have arisen" warranting a rehearing. Specifically it was stated that since the previous decision, the complete income accounts for the fiscal year ending June 30, 1914, had become available.

Rate Decision Helps

Weak Stock Market

(By Associated Press.)

NEW YORK, Dec. 18.—The decision of the interstate commerce commission came unexpectedly to Wall street at a time when the stock market was acutely weak and helped materially to bring about a general recovery. Prices rose from 1 1/2 to 2 points, above the low level of the session. The rally was not fully maintained, prices yielding from fractions to a full point after the short interest had covered. The list soon settled down to further dullness.

AUSTRIAN WHO DODGED

WAR CAN'T LOAF HERE

Lopo Kopcius, arraigned before recorder Johnson Friday morning on the charge of idling and loitering, said he is an Austrian and left his country at the outbreak of the war because he had no desire to fight.

"Why didn't you fight for your country?" the recorder asked him.

"I am not a fighting man and I was not read with anybody's rifle and Kopcius in his somewhat broken English.

"Well, you'll either have to fight rock at the stockade or get out of Atlanta," said the recorder.

Kopcius said he would get out.

We pay 4 per cent interest and will appreciate your cashless account.

HAD PIMPLES

AND BLACKHEADS

All Over Face, Burnt and Stung So Impossible to Get Any Rest. Ashamed to Go in Public. Cuticura Soap and Ointment Healed.

327 Dabney Ave., Vicksburg, Miss.—"About four years ago pimples and blackheads came all over my face, which worried me. First they were very red, then they would come to a head and after they were opened they burnt and stung so badly it was impossible to get any rest. At night it was almost useless to go to bed for I couldn't get much sleep and could not keep my hands off my face. I was ashamed to go in public for almost everyone had some remark to make of the way my face looked.

"I took some patent medicine but that did no good. I also had a treatment which did no good. I kept on worrying with them. I sent for a sample of Cuticura Soap and Ointment. I used them and they did so much good I decided I would give them a fair trial. So I bought a cake of Cuticura Soap and a box of Cuticura Ointment and I was completely cured." (Signed) Mrs. E. D. Richards, Jan. 1, 1914.

Samples Free by Mail

Children prefer Cuticura Soap because of its soothing emollient properties in all cases of irritation of the skin and scalp, especially when assailed by light touches of Cuticura Ointment. A single use is often sufficient when all else fails. Although Cuticura Soap and Ointment are sold throughout the world, a sample of each with 25c. Skin Book will be sent free upon request. Address: "Cuticura, Dept. T, Boston."
